Deer Lodge Centre
Rehabilitation Program
Geriatric Day Hospital

We specialize in providing treatment to elderly clients who have complex medical and psychosocial needs.

Our goal is to enhance ability to function actively in the community and reduce unnecessary hospital admissions.

Criteria

- Age 65 +
- Issues that require 2 or more disciplines
- Determined to have rehab potential.
- Within catchment area.

Services Include

- Comprehensive health assessment
- Individual treatment plan may include falls program, diabetes education, education on healthy aging, walking and balance programs, short-term counseling, ADL retraining.
- Health education
- Connecting to resources

Our Team

Our team consists of professionals in the areas of nursing, occupational therapy, physiotherapy, speech-language pathology, respiratory, social work, pharmacy, dietician and geriatric medicine.

We also help link patients to specialized services such as Geropsychiatry, hearing assessments, foot care and dental care. The Geriatric Day Hospital does not replace the care provided by your family physician.

Our team works closely with each client to develop goals and treatment plan.

Our primary focus is rehabilitation using an interdisciplinary approach.

Clients may require treatment for:

- Orthopedic issues
- Post fracture
- Deconditioning/falls
- Activities of daily living
- Caregiver stress
- Cognitive issues
- Depression and anxiety
- Medication compliance
- Stroke
- Diabetes
- Cardiac
- Respiratory issues
- Incontinence

Program Overview

- Operates Monday to Friday
- Clients attend for a half day, morning or afternoon
- 1-2 visits per week
- Average length of stay is 12-16 weeks
- Each client assigned a nurse case manager
- Transportation available for nominal fee
- Lunch provided
